AGENDA ITEM WORDING:

Approval of a resolution commending County administration and staff for hard work, facing challenges of 2005, with good humor.

ITEM BACKGROUND:

During 2005, probably one of the worst years faced County-wide in seventy years in terms of hurricanes, the County was tasked with many difficult issues, and made great progress towards achieving affordable workforce housing, wastewater treatment, enhancements in growth management, and made significant strides in other areas. The administration and staff performed these tasks, and did so with particular difficulties once evacuations and clean-up were forced upon the County by the unusually hard-hitting hurricane season. The work was done, with a spirit of community and goodwill.

ADMINISTRATION AND STAFF.**

WHEREAS, Monroe County faced many difficult challenges during the year 2005, including achieving substantial progress on issues of wastewater treatment and affordable housing to the satisfaction of the State Cabinet, completing several large construction projects and restoring others to construction-in-progress after contractor difficulties, growth management solutions, property acquisitions to better provide government services and facilitate the provision of affordable housing, changes in staffing structure of the County, union negotiations, and all of the consequences of four hurricanes impacting the Florida Keys; and
